DISTRIBUTION: All

All consultant engineering agreements (construction inspection, design, etc.) must include Commercial General Liability (CGL) Insurance. The policy providing such coverage must name the Thruway Authority/Canal Corporation as an additional insured and include a per project aggregate endorsement. Evidence of such endorsement shall be indicated in the appropriate sections of the ACORD 25 and the attached Supplemental Insurance Certificate (form TA-W51343-9). Both of these forms are now required as evidence of insurance for all Authority/Canal Corporation agreements.

All insurance requirements can be found on the Authority's website at:
