

**Syracuse Division Bundled Bridges
Contract # D800001
RFQ Questions and Answers
Questions 30-31**

30. Will goals for M/WBE participation be waived in the event of contractors not being able to find qualified M/WBE contractors?

Answer: These are no special provisions for goals relative to DBE or M/WBE on projects that include PLA. Normal procedures are required, the same with any project. You are required to meet goals set or provide the necessary documentation that is complete and thorough justifying your good faith efforts. No different than any other Authority project.

31. On page B-2 of the RFQ document in the outline of Required Information, under Section 1 there is a bullet for "Legal Documents" – would this only consist of the Statement of Joint and several liability or is there additional legal information required? If other information is required, can you please provide a detailed list of required legal documents?

Answer: See section 3.3.1 A) 1) and section 4.4.2.1. Other than what is described in these sections no other legal documents are required at this time.
