The Vehicle Reference Code is <b>not</b> the unit number on the vehicle. Codes are found on the VEHICLE REFERENCE CODES form (TA-W68162), which describes the type of vehicle as it most commonly travels the Thruway (e.g., 727 is the appropriate Vehicle Reference Code for a Tag to be used on a 3 axle tractor that commonly hauls a 2 axle trailer that is up to 48' long).

Tag Choices Info: Check (x) in the box for your preferred type of Tag for the vehicle; leave blank if only registering the vehicle as a secondary vehicle.

• If you prefer Front Mounted Exterior (FME) Tags, you must choose either License Plate or Roofmount style. FME Tags ordered for License Plate mount are NOT transferable to Roofmount locations and vice-versa - the FME Roofmount Tags are NOT transferable to License Plate Locations.

• If you have a large order that you would like to submit electronically, please call (800) 468-9946 and ask for instructions.
