**QUESTIONS AND ANSWERS**

Q1. Good morning, we are currently bidding TAB 20-12B and were wondering if the as built drawings were available for the Sheridan Center Rd. bridge (B.I.N. 5511490). If they are available can you please send them over to us?

A1. The record plan information is provided at the following link from the Authority's website, specifically at: [http://www.thruway.ny.gov/netdata/contractors/documents/d214752\\_tab20-12b\\_supplemental-information-07-07-2020.zip](http://www.thruway.ny.gov/netdata/contractors/documents/d214752_tab20-12b_supplemental-information-07-07-2020.zip)

Additional Supplemental Information for this project is also now available from the Authority's website, specifically at:

[http://www.thruway.ny.gov/netdata/contractors/documents/d214752\\_tab20-12b\\_supplemental-information-07-13-2020.zip](http://www.thruway.ny.gov/netdata/contractors/documents/d214752_tab20-12b_supplemental-information-07-13-2020.zip) This zip file contains Steel Shop drawings.

Q2. On Drawing Number TYP-1, sheet 13 of 110, the typical sections call out Item 402.098203, but this item is not listed in the summary of quantities as shown on Drawing Number IND-1, sheet 2 of 110. Is this a mistake?

A2. The item as referenced on Drawing Number TYP-1 should be Item 402.128203, 12.5 F2 Top Course HMA, 80 Series Compaction, as listed on Drawing Number IND-1, and with a quantity of 220 Tons. Please replace any and all references to Item 402.098203 with Item 402.128203 instead. An Amendment is currently not anticipated, primarily because the correct item is shown on Drawing Number IND-1. The correct item is shown in the bid proposal (on proposal page 137 of 163), and it is also correct in the ebsx file. Should an Amendment be required for any other issue, only then will this concern also be addressed at that time. This mistake is considered a typographical error.
