⁽¹⁾ Note G.

⁽²⁾ Effective January 1, 2020 the Authority agreed to reduce HMS Host's rental rate from 12.0% to 8.5% of gross sales, and effective April 1, 2020 the Authority suspended HMS Host's obligation to pay rent through May 2021. Also, previously invoiced amounts for June and July 2021 were waived when the threshold was met for such a waiver as prescribed by Amendment #4 of the HMS Host Agreement. Per the amendment, if monthly sales were less than 70% of sales for the comparable portion of the 2019 lease year, and such reduction extended for more than one month, the Authority was required to grant the operator a waiver of rental for such a time period.

⁽³⁾ Includes adjustment for July 2021 as reported by Delaware North.

⁽⁴⁾ The minimum annual rent in the McDonald's lease agreement for the years ending December 31, 2021 and 2020 was \$3,350,904. McDonald's is entitled to relief from the minimum rent provisions in their lease agreement when traffic volume on the Thruway System decreases by more than 10%. As a result of COVID-19 travel restrictions, traffic volume in 2020 decreased by 23.8% compared to 2019, resulting in a credit of (\$797,515) applied in 2021.

⁽²⁾ The closure of certain service area restaurant locations has negatively impacted gallons delivered to the gas stations at those locations. See Note G for additional information.

⁽³⁾ In April 2020 and November 2020, Sunoco overreported gallons of fuel delivered by 768,492 gallons and 1,859,580 gallons, respectively. Year to date gallons were adjusted by 2,628,072 gallons. The revenue adjustment was applied to December 2020. The revenue generated in December 2020 was \$57,050.

⁽⁴⁾ Includes additional revenue in the amount of \$245,954 to meet the Guaranteed Minimum Annual rent for Lease Year ending March 31, 2020.

⁽⁵⁾ Includes additional revenue in the amount of \$778,835 to meet the Guaranteed Minimum Annual rent for Lease Year ending March 31, 2021.

NOTE A - TOTAL REVENUES (pages 1, 2, & 4):

Total revenues for the month are \$71,213,068, an increase of \$16,536,730 or 30.24%. Toll revenues for the month are \$62,843,562, an increase of \$15,909,086 or 33.90%. Higher traffic levels in December 2021 compared to December 2020, when travel restrictions were in place to control COVID-19, are the primary reason for the increase.

Total revenues year-to-date are \$826,412,843, an increase of \$159,396,302 or 23.90%. Toll revenues year-to-date are \$760,269,169, an increase of \$144,976,022 or 23.56%. Year-to-date passenger revenues increased \$86,779,692 or 27.32% and commercial revenues increased \$58,196,330 or 19.55%. The increase in both passenger and commercial revenues is primarily due to higher traffic related to COVID-19 travel restrictions being rescinded in 2021. Toll adjustments implemented in January 2021 for commercial traffic using the Governor Mario M. Cuomo Bridge and system-wide for out of state E-ZPass customers and Tolls by Mail customers also contributed to the increase in toll revenues.

In November 2020 the Authority completed its conversion of the entire Thruway System to cashless tolling by implementing cashless tolling on the mainline from Woodbury to Buffalo and the Erie Section. Cashless tolling collects tolls at highway speed using E-ZPass and Tolls by Mail. For customers without E-ZPass, the system determines the vehicle's class and bills the registered owner of the vehicle.

Year-to-date interest earnings are \$1,324,815, a decrease of \$6,291,549 or 82.61%. The decrease is due to a combination of lower interest rates and less cash invested in 2021 as compared to 2020.

NOTES TO FINANCIAL REPORT NEW YORK STATE THRUWAY AUTHORITY

MONTH
December
YEAR
2021

NOTE C - PENSIONS (pages 4 & 12):

The Authority's financial results comply with Government Accounting Standards Board Statement 68 (GASB 68) "Accounting and Financial Reporting for Pensions" and GASB 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date."

GASB 68 and 71 establish accounting and financial reporting standards for pensions provided to Thruway Authority employees via the New York State and Local Employees' Retirement System (NYSLRS). These accounting standards require the net pension liability for the entire NYSLRS to be measured as a portion of the present value of projected payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position. A proportionate share of this net pension liability is then allocated to the Thruway Authority based on Thruway Authority's pensionable wages in comparison to the NYSLRS's total pensionable wages.

To comply with GASB 68 and 71, our financial statements include an adjustment to reflect the difference between the amount of revenues set aside to fund contributions to NYSLRS and the expense reported to comply with GASB 68 and 71.

NOTE D - RETIREE HEALTH INSURANCE (pages 4 & 12):

The Authority's financial results comply with Government Accounting Standards Board Statement 75 (GASB 75) "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." GASB 75 establishes accounting and reporting standards for "other post-employment benefits" offered by state and local governments. Other post-employment benefits (OPEB) are employee benefits other than pensions that are received after employment ends. OPEB benefits provided by the Authority consist of medical and prescription drug benefits provided via the New York State Health Insurance Program (NYSHIP).

The Authority is required to fund payments to NYSHIP to provide health insurance coverage, in the current year, for our current retirees. To comply with GASB 75, our financial statements include an adjustment to reflect the difference between the amount paid to NYSHIP for retiree health insurance coverage and the expense reported to comply with GASB 75.

NOTE E - DEBT ISSUANCES (page 11):

In June 2020, the Authority entered into a Revolving Credit Agreement with JP Morgan Chase that provided the Authority with a revolving credit line of up to \$125 million through June 10, 2021. On June 11, 2020 the Authority drew \$50 million of tax-exempt proceeds from this line of credit. These proceeds were used to partially fund an escrow to defease a portion of General Revenue Bond interest due on July 1, 2020 and to pay closing costs of the Revolving Credit Agreement. The Revolving Credit Agreement was amended in June 2021 extending the expiration date by 120 days, from June 11, 2021 to October 8, 2021 and converting the interest rate from a variable rate to a fixed rate. The credit commitment under the Revolving Credit Agreement expired on June 11, 2021 and was not renewed. On August 11, 2021 the Authority repaid the loan in full.

In October 2020, the Authority entered into a Noteholder's Agreement with the Royal Bank of Canada (RBC) that provides the Authority with the ability to sell short term notes to RBC in amounts not to exceed \$100 million in combined notes outstanding. Under the terms of the Noteholder's Agreement, the RBC commitment to purchase notes extends through October 12, 2022. The Authority has not sold notes or drawn on proceeds from the sale of notes to date, and the full \$100 million remains available under this commitment.

On October 7, 2021, the Authority issued General Revenue Bonds, Series O, which generated proceeds of \$648.4 million. These proceeds were used to (i) fund a portion of the Authority's Multi-Year Capital Program, (ii) make a deposit to the Senior Debt Service Reserve Fund, (iii) fund capitalized interest on the Series O Bonds, (iv) refund certain outstanding Series I Bonds, and (v) pay costs of issuance of the Series O Bonds.

NOTE F - DEPARTMENTAL OPERATING EXPENSES AND BUDGET (page 12):

The following Departmental Operating Expenses exceeded the normal year-to-date expenditure percentage of 100%:

Engineering Services

The overrun of 3.50% is due to lower that budgeted personal service allocations, as well as higher than budgeted professional services related to the GMMC Bridge project.

NOTE G - SERVICE AREAS (page 15):

In January 2021 the Authority entered into a 33-year agreement with Empire State Thruway Partners, LLC (Empire) for the design, construction, finance, operation, and maintenance of the Authority's 27 Service Areas. Empire will rebuild 23 of the 27 service area restaurant buildings and perform significant renovations to the remaining four. Empire's initial investment to rebuild and renovate the service areas is estimated to be \$300 million. Additionally, over the life of the agreement Empire will invest another \$99 million into future renovations and improvements.

The initial construction work will occur in two phases. Phase 1 commenced on July 29, 2021 when Empire assumed control of 16 service areas previously operated by HMSHost Corporation and Delaware North Corporation. Phase 2 will begin in January 2023 when Empire assumes control of the remaining 11 service areas that will continue to be operated by McDonald's Corporation until then.

Commencing with the reopening of each new restaurant building, the agreement requires Empire to pay rent calculated as a percentage of gross sales, subject to a guaranteed annual minimum per location. In addition, the agreement has ancillary rent provisions tied to the operation of commercial vehicle fueling stations at 5 of the service areas and advertising opportunities at all service areas. Sales generated by Empire during the operation of a restaurant prior to reconstruction (interim operations) are not subject to rent provisions. Over the life of the agreement, base rent calculated as a percentage of sales is forecasted to be \$85 million, of which \$51 million is guaranteed.
