On-Demand Repairs to Thruway Infrastructure
At Various Locations in Bronx, Orange, Rockland,
Ulster and Westchester Counties

QUESTIONS AND ANSWERS

October 28, 2025

- Q1. Could you clarify if Workman's Compensation Insurance needs to be included in the contractor's cost factor for Item 636.03 Labor with Cost Factor?
- A1. Workers' Compensation Insurance will not be paid under Item 636.03 – Labor with Cost Factor. Workers' Compensation is included as a standard insurance requirement listed in the Thruway Addendum. Therefore, payment for this insurance will be made in accordance with the Standard Specifications (USC), dated September 1, 2025, Section 636-5.01. All standard insurances required in the Contract Proposal shall be included in the Contractor's bid for Standby Readiness.
