SUBJECT: Review and Approval of Real Property Management Policy, Personal Property Disposal Policy, Procurement Contracts Policy, Whistleblower Policy, Code of Ethics Governing Employees, and Code of Ethics Governing Board Members

The Public Authorities Law requires some policies to be reviewed by the Board on an annual basis; whereas the Authorities Budget Office recommends other policies to be reviewed and evaluated on an annual basis. Consistent with such, attached in Exhibit A for the review of the Board are: Real Property Management Policy, Personal Property Disposal Policy, Procurement Contracts Policy, Whistleblower Policy, and Code of Ethics Governing Employees and Code of Ethics Governing Board Members. Appropriate Authority staff have reviewed such. No changes to the policies are recommended except to the Code of Ethics Governing Board Members to clarify that Board members are prohibited from receiving compensation for appearing or rendering services against the Authority in relation to any matter rather than only the Court of Claims and to change references from the State Commission on Public Integrity to the Joint Commission on Public Ethics

The Governance Committee considered this item at its March 28, 2022 meeting and recommended that this item be presented to the full Board for consideration.

RECOMMENDATION:

It is recommended that the Governance Committee approve these policies and authorize Authority staff to present them to the Board.

EXHIBIT A1

I. INTRODUCTION

Pursuant to Article 2, Title 9 of the Public Authorities Law, the New York State Thruway Authority (Authority) is responsible for the financing, construction, reconstruction, improvement, development, maintenance and operation of the highway system known as the Thruway. In furtherance of such responsibilities, the Authority has the power to acquire and hold in the name of the State, by purchase or appropriation, real property, or rights or easements in such real property, and to sell, exchange or otherwise dispose of real property not necessary for its corporate purposes, or whenever the Board shall determine that it is in the interest of the Authority. The Authority also has the power to lease, or to grant Permits to occupy, real property not presently required for Thruway purposes but held for future use in carrying out its corporate purposes, upon such terms and conditions and uses as the Board shall determine.

The purpose of this Policy is to: detail the Authority’s operative policy and instructions regarding the use, awarding, monitoring and reporting of contracts for the disposal of real property, the acquisition of real property and the issuance of Permits associated with the Thruway; and authorize the development of Standard Operating Procedures (SOPs) for the purpose of implementing this Policy.

D. Permits Issued by the Authority

Permits issued by the Authority grant revocable privileges to use or access real property under the jurisdiction of the Authority. Permits may be issued where the real property is not presently required for Thruway purposes, but held for future use in carrying out its corporate purposes. Permits do not transfer a beneficial interest in real property. Permits are revocable in part to assure availability upon demand of the real property for Authority purposes. - E. A Transaction must be resubmitted to the Board during the one-year period of authorization provided in IV.C. if any of the following circumstances occur and the Executive Director determines that the Transaction should be progressed:
1. If, in the Executive Director's determination, the circumstances change following Board action and, as a result, material Board approved terms and conditions cannot be followed.

- F. Notwithstanding anything to the contrary contained in this Policy, if the Executive Director determines that it is in the best interests of the Authority to stop progression of a Board approved Transaction during the one-year period of authorization provided in Section IV.C., the Executive Director may cancel the Transaction. An information report will then be provided to the Board, at its next scheduled meeting, detailing the reasons that the Transaction was cancelled.
- G. 1. No asset owned, leased or otherwise in the control of the Authority may be sold, leased, or otherwise alienated for less than its fair market value except if:

 - (b) the purpose of the transfer is within the purpose, mission or governing statute of the Authority; or
 - (c) in the event the Authority seeks to transfer an asset for less than its fair market value to other than a governmental entity, which disposal would not be consistent with the Authority's mission, purpose or governing statute, the Authority shall provide written notification thereof to the governor, the speaker of the assembly, and the temporary president of the senate, and such proposed transfer shall be subject to denial by the governor, the senate, or the assembly. Denial by the governor shall take the form of a signed certification by the governor. Denial by either house of the legislature shall take the form of a resolution by such house.  - (d) a statement of the value to be received compared to the fair market value;
 - (e) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (d) of this paragraph 2 of Section IV.G., a statement of the value to the private party; and
 - (f) the names of any other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used.
 3. Before approving the Disposal of any property for less than fair market value, the Authority Board shall consider the information described in paragraph 2 of this Section IV.G. and make a written determination that there is no reasonable alternative to the proposed below market transfer that would achieve the same purpose of such transfer.
- H. The Authority shall use a competitive process open to the public for all Disposals, except in limited circumstances. The Authority shall document the basis for progressing a Disposal without use of a public competitive process.

The Authority may lease real property not presently required for Authority purposes but held for future use in carrying out its corporate purposes.

Disposals may be performed by the Commissioner of General Services on behalf of the Authority when the Authority has entered into an agreement with the Commissioner of General Services pursuant to Article 9, Title 5-A of the Public Authorities Law and all other applicable provisions of the Public Authorities Law.

2. Acquisitions

The Authority may acquire real property (e.g., fee, lease, easement) for a variety of purposes including, but not limited to, construction, improvement, and operation of the Thruway.

6. Transactions with Entities Providing Tourist Information

In accordance with Section 361-c of the Public Authorities Law, the Authority is required to provide tourist information services at all service areas where food is served. 2. At least one appraisal shall be conducted by an independent appraiser for all Disposals and Acquisitions, other than leases of property where the Authority is the tenant and it is within the Authority's discretion as to whether to obtain an appraisal. The governor and each house of the legislature shall take any such action within sixty days of receiving notification of such proposed transfer during the months of January through June, provided that if the legislature receives notification of a proposed transfer during the months of July through December, the legislature may take any such action within sixty days of January first of the following year. If no such resolution or certification is performed within sixty days of such notification of the proposed transfer to the governor, senate, and assembly, the Authority may effectuate such transfer.
2. In the event a below fair market value asset transfer is proposed, the following information must be provided to the Authority Board and the public:
- (a) a full description of the asset;
 - (b) an appraisal of the fair market value of the asset and any other information establishing the fair market value sought by the Authority Board;
 - (c) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including, but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any, to the communities in which the asset is situated as are required by the transfer;
 - (d) a statement of the value to be received compared to the fair market value;
 - (e) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (d) of this paragraph, a statement of the value to the private party; and

- (f) the names of any other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used.
 3. Before approving the disposal of any property for less than fair market value, the Authority Board shall consider the information described in paragraph 2 of this section and make a written determination that there is no reasonable alternative to the proposed below market transfer that would achieve the same purpose of such transfer.
- E. The Authority must use a competitive process as required by the Public Authorities Law and related statutes, including public advertising for Disposals exceeding \$15,000 in value, except in limited circumstances. In order to dispose of Personal Property by negotiation or public auction without public advertising, one of the following must be met:
 1. The Personal Property involved has qualities separate from the utilitarian purpose of such property, such as artistic quality, antiquity, historical significance, rarity, or other quality of similar effect, that would tend to increase its value, or if the Personal Property is to be sold in such quantity that, if it were disposed of by public advertising, would adversely affect the state or local market for such property, and the estimated fair market value of such property and other satisfactory terms of disposal can be obtained by negotiation;
 2. The fair market value of the property does not exceed \$15,000;
 3. Bid prices after advertising are not reasonable, either as to all or some part of the Personal Property, or have not been independently arrived at in open competition;
 4. The Disposal will be to the State or any political subdivision, and the estimated fair market value of the Personal Property and other satisfactory terms of disposal are obtained by negotiation;
 5. Under those circumstances permitted by Section IV.D. of this Policy; or
 6. The action is otherwise authorized by law.

- F. For Personal Property valued at over \$15,000 disposed of by negotiation, an explanatory statement is required. Not less than 90 days in advance of the Disposal, an explanatory statement shall be prepared and distributed by the Contracting Officer in accordance with Public Authorities Law §2897, detailing the circumstances of the Disposal including, but not limited to, the proposed price.
- G. The Authority shall create a clear and comprehensive record for each Transaction that documents its compliance with this Policy. Such record shall be maintained in a manner and for a period consistent with the applicable document retention policy.

V. GENERAL PRACTICES

A. Abandoned Motor Vehicles

The handling and disposal of Abandoned Motor Vehicles is statutorily covered under Vehicle and Traffic Law and specifically promulgated under New York State Thruway Authority Rules and Regulations, and not under this Policy.

B. Lost, Found or Abandoned Tangible Personal Property

Lost, Found or Abandoned Tangible Personal Property with a value over the statutory limits must, within ten days after the finding or acquisition by Authority employees or the Authority's related agents (for example, contractor, employee of the Travel Plaza Food and/or Fuel/Gas Service Operators, or their subcontractors, etc.), be turned over to Troop T for processing and forwarding to the Bureau of Office and Building Maintenance Services (Office Services) at Headquarters in Albany. Office Services will return the property to the owner, if known; if the owner of the property is not immediately known, then the property must be held until the statutory holding period has run. At that time, if the property has not been claimed by the true owner or someone with verifiable ownership rights, then Office Services shall return the property to the known independent finder. If the original finder was an Authority employee or one of its related agents as defined above, ownership then vests in the Authority and may be treated as other Authority owned property.

C. Lost, Found or Abandoned Intangible Personal Property

- 1. Lost, Found or Abandoned Intangible Personal Property with a value over the statutory limits must, within ten days after the finding or acquisition by Authority employees or the Authority's related agents (for example, contractor, employee of the Travel Plaza Food and/or Fuel/Gas Service Operators, or their subcontractors, etc.), be turned over to Troop T for processing and forwarding to Office Services at Headquarters in Albany. Office Services will return the property to the owner if known; if the owner of the property is not immediately

known, then the property must be held until the statutory holding period has run. At that time, if the property has not been claimed by the true owner or someone with verifiable ownership rights, then Office Services shall return the property to the known independent finder. If the original finder was an Authority employee or one of its related agents as defined above, the property vests in the Authority and may be redeemed or negotiated for payment to the Authority.

2. Abandoned Intangible Personal Property originally issued by the Authority such as unclaimed wages or benefits, or unclaimed consumer balances shall be held for the required holding times as prescribed by the Personal Property Law and Abandoned Property Law, at which time the property vests in the Authority.
3. Other Intangible Personal Property such as unclaimed bonds, dividends, interest, securities, etc. owed to security holders shall be held for the required statutory holding periods by the Authority's properly delegated trustees or other fiduciaries.

D. Surplus Personal Property

The Office of Equipment and Inventory Management will provide the Director of Purchasing or designee with information on all items of Personal Property declared surplus requiring disposal.

VI. DISPOSAL PROCESS

The Director of Purchasing or designee will prepare a list of all Surplus and Abandoned Personal Property to be disposed of and prepare an internal estimate of the value of such property.

- A. The method of disposal shall be based on the following Personal Property values:
 1. Personal Property valued at less than \$1,000 may be sold or donated, or when having an estimated resale value less than the cost of handling and sale may be disposed of as scrap or junk;
 2. Personal Property valued at \$5,000 or less may be sold by a competitive process [sealed bid, public auction or electronic auction (e.g., Internet auction such as eBay)] or when approved by the Director of Purchasing, by negotiation or informal canvassing of selected purchasers;
 3. Personal Property valued in excess of \$5,000 up to and including \$15,000 may be sold by a competitive process, or by negotiation when approved by the

Contracting Officer or, where required, by the Board, such as in Section IV.D. (paragraphs 2 and 3);

4. Personal Property valued in excess of \$15,000 shall be offered for sale by a formal competitive process that includes public advertising unless one of the exceptions listed in Section IV.E. is met. If such an exception exists, disposal may be by negotiation or public auction without public advertising, when approved by the Contracting Officer or, where required, by the Board, such as in Section IV.D. (paragraphs 2 and 3).

Note: For Personal Property valued in excess of \$15,000 disposed of by negotiation, an explanatory statement is required as described in Section IV.F.

- B. When public advertising is required for Disposals, the following steps must be taken pursuant to Public Authorities Law §2897:
 1. The advertisement shall be made at such time, through such methods, and on such terms and conditions as shall permit full and free competition consistent with the value and nature of the Personal Property;
 2. All bids shall be publicly disclosed at the time and place stated in the advertisement; and
 3. The award shall be made with reasonable promptness by notice to the responsible bidder whose bid, in conformance with the solicitation, will be most advantageous to the Authority, price and other factors considered, provided that any and all bids may be rejected when it is in the best interest of the Authority to do so.
- C. When property is sold by sealed bid, by public auction or by an electronic auction, sale prices are approved by the Director of Purchasing or designee. If the Director of Purchasing or designee determines that property should be offered at an established or set price due to its unusual nature, or any other special conditions that would make competitive bidding impractical, the Director of Purchasing or designee will recommend an acceptable price and a method of sale to the Contracting Officer for approval.
- D. If the Director of Purchasing or designee determines that the best interests of the Authority are served by selling at public auction, the Director of Purchasing or

DISPOSAL POLICY**

9

designee shall supervise the auction and may reject any and all bids considered to be unacceptable.

- E. Where permitted by law, Disposals may be performed by the Commissioner of General Services on behalf of the Authority when the Authority has entered into an agreement with the Commissioner of General Services pursuant to Public Authorities Law and/or any other applicable statutes.

VII. REPORTS

The Authority will develop and distribute reports regarding Personal Property management activities as required by law including, but not limited to, an annual Personal Property disposition report.

VIII. PROCUREMENT OF SURPLUS PERSONAL PROPERTY BY EMPLOYEES

Authority employees may not have any personal interest in, or engage in, any activity that would create or appear to create a conflict with the proper discharge of their public duties. It is important, even in the absence of any impropriety, that no appearance of impropriety is given. Therefore, pursuant to the Public Officers Law, all Authority employees, their spouses and any children and stepchildren under age 18 are prohibited from procuring Authority Surplus Personal Property or otherwise securing such property through the use of an agent or other third party.

In addition, Authority employees, other than the Director of Purchasing or designee, shall not disclose to any non-employee any information that they obtain regarding such property due to the nature of their employment. Such disclosure by the Director of Purchasing or designee shall only be made in the course of the proper discharge of their official duties.

IX. RESPONSIBILITIES AND AUTHORIZATIONS

The Board shall designate a Contracting Officer who is responsible for compliance with and enforcement of the Policy as it applies to the disposal of Personal Property.

The Executive Director is authorized to interpret, implement, and administer this Policy and shall develop procedures necessary to carry out its intent, as well as to delegate such authority to members of his/her staff (see below). These procedures should identify the roles and responsibilities of Authority personnel who implement and administer this Policy and define the manner in which those responsibilities are to be fulfilled. The Executive Director is also authorized to oversee the actions of Authority staff to ensure compliance with applicable laws, rules and regulations, and with this Policy.

The Executive Director may delegate, expressly in writing, directly to the Contracting Officer, the authority to sign and execute any and all documents related to any form of property auction or other disposal methods and may also authorize the Contracting Officer to further delegate such authorization to other members of his/her staff in order to carry out the intent of this current Policy.

 NEW YORK STATE OF OPPORTUNITY. Thruway Authority	GENERAL POLICY	SECTION TITLE	NUMBER 25-5-01
		POLICIES -- PURCHASING	
APPROVED BOARD MEETING NUMBER: RESOLUTION NUMBER: DATE: March 28, 2022	SUBJECT PROCUREMENT CONTRACTS		

EXHIBIT A3

Introduction

This Policy, established pursuant to Section 2879 of the New York State Public Authorities Law, sets forth the guidelines of the New York State Thruway Authority (Authority) regarding the Authority's use, awarding, monitoring and reporting of Procurement Contracts. These guidelines are not intended and shall not be deemed to grant or confer any rights or remedies to or upon any third party.

Except as otherwise provided herein, all Authority Procurement Contracts are subject to this Policy. Attachment 1 sets forth a representative (but not exclusive) list of the types of goods purchased, and a description of those areas of responsibility and oversight requiring the use of services and the reasons for the use of services in such areas.

I. Definitions

- A. "Emergency" shall mean an unanticipated, sudden or unexpected event or escalation of an event beyond the control of the Authority which, if not immediately corrected, would endanger: a) the life, health, safety or welfare of any person, or b) the continued public use or function of a transportation or other facility or property of the Authority or the State of New York.
- B. "Foreign Business Enterprise" shall mean a business enterprise, including a sole proprietorship, partnership or corporation, which offers for sale, lease or other form of exchange, goods sought by the Authority and which are substantially produced outside New York State, or services sought by the Authority and which are substantially performed outside New York State. For purposes of construction services, a Foreign Business Enterprise shall mean a business enterprise, including a sole proprietorship, partnership or corporation, which has its principal place of business outside New York State.
- C. "Minority Owned Business Enterprise" shall have the same meaning as that set forth in Public Authorities Law Section 2879.
- D. "New York State Business Enterprise" shall mean any business enterprise which offers for sale, lease or other form of exchange, goods or services sought by the Authority which are substantially manufactured, produced, assembled or performed within New York State.
- E. "New York State Resident" shall have the same meaning as that set forth in Public Authorities Law Section 2879.

- F. “Procurement Contract” shall mean any written agreement for the acquisition of goods or services of any kind, in the actual or estimated amount of fifteen thousand dollars (\$15,000) or more. Construction contracts and design-build contracts are included within the scope of the definition of a Procurement Contract pursuant to this Policy, but are not Procurement Contracts pursuant to Public Authorities Law Section 2879.
- G. “Professional Firm” shall mean any individual or sole proprietorship, partnership, corporation, association or other legal entity permitted by law to practice the professions of architecture, engineering or surveying.
- H. “Service Disabled Veteran Owned Business Enterprise” shall have the same meaning as that set forth in Article 17-B of the Executive Law Section 369-H.
- I. “Women Owned Business Enterprise” shall have the same meaning as that set forth in Public Authorities Law Section 2879.

II. Selection of Contractors for Goods

Except as otherwise provided in this Policy, the Authority shall award Procurement Contracts for goods to the lowest responsible bidder as will best promote the Authority’s interests, taking into consideration: the reliability of the contractor; the quality of the goods to be furnished; the goods’ conformity with the specifications; the terms of delivery; and/or such other criteria as the Authority determines appropriate. The Authority shall solicit bidders for applicable contracts pursuant to Article 4-C of the New York State Economic Development Law (e.g., advertise in the Contract Reporter). The Authority shall solicit price quotes from at least three (3) sources, if available.

III. Selection of Contractors for Services

- A. The Authority may contract for services when, because of one or more of the following factors or considerations, it is more beneficial for such services to be contracted for than performed by employees of the Authority:
1. lack of or unavailability of sufficient staff, facilities, equipment or other resources;
 2. requirement of special expertise or abilities not adequately possessed by Authority employees;
 3. timing;
 4. short term or infrequent need for the service; or
 5. distance of the location(s) where the services must be performed from Authority offices or facilities.

- B. Except as otherwise provided in this Policy, the Authority shall award Procurement Contracts for professional services, except those to Professional Firms, to a responsive and responsible contractor on the basis of best value, taking into account: the contractor's experience and capability to perform the required services, the adequacy of contractor's staff to be assigned to Authority work, the overall quality and responsiveness of the contractor's proposal, the contractor's fee structure and overall price; and/or such other criteria as the Authority determined appropriate. Procurement Contracts for construction and design-build services shall be awarded in compliance with all applicable laws. The Authority shall solicit proposals for applicable contracts pursuant to Article 4-C of the New York State Economic Development Law (e.g., advertise in the Contractor Reporter). The Authority shall solicit price quotes from at least three (3) sources, if available.
- C. The Authority shall award Procurement Contracts for the services of Professional Firms on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable fees. The Authority shall not refuse to negotiate with a Professional Firm solely because the ratio of the "allowable indirect costs" to direct labor costs of the Professional Firm or the hourly labor rate in any labor category of the Professional Firm exceeds a limitation generally set by the Authority in the determination of the reasonableness of the estimated cost of services to be rendered by the Professional Firm, but rather the Authority should also consider the reasonableness of cost based on the total estimated cost of the service of the Professional Firm which should include, among other things, all the direct labor costs of the Professional Firm for such services plus all "allowable indirect costs," other direct costs, and negotiated profit of the Professional Firm. "Allowable indirect costs" of a Professional Firm are defined as those costs generally associated with overhead which cannot be specifically identified with a single project or contract and are considered reasonable and allowable under specific state contract or allowability limits.
- D. The Director of Purchasing may, in consultation with the appropriate Authority program managers, designate those services other than the services of Professional Firms for which cost will be the only criterion for determining best value.

IV. Waiver of Competition

The Authority Board may waive the use of the competitive procedure for Procurement Contracts provided in this Policy based upon one or more of the following findings:

- A. There is a need to respond to an Emergency.
- B. A condition exists that makes it impractical or not in the Authority's best interest to seek competition due to the specialized nature of the goods or services required.

- C. There is a historical relationship, the continuation of which is in the best interests of the Authority.
- D. There is a need for confidentiality.
- E. The proposed project requires specialized knowledge of, or proximity to, the Authority.
- F. There is a requirement for which, in the sole opinion of the Authority, there is a lack of responsible competition to perform the desired services.
- G. There is a specific contractor selection that is necessary or convenient to the operations of the Authority.
- H. The purchase of goods or services will be from small business concerns or certified Minority Owned or Women Owned Business Enterprises, or the purchase is for goods or technology that are recycled or remanufactured, in an amount that does not exceed five hundred thousand dollars (\$500,000).

V. General Procurement Requirements

- A. The Authority shall ensure that its Procurement Contracts in an amount equal to or in excess of fifty thousand dollars (\$50,000) comply with the public notification requirements of Article 4-C of the New York State Economic Development Law.
- B. The Authority shall not enter into a Procurement Contract with any current or former officer or employee of the Authority where such contract would be in contravention of law or would create a conflict of interest.
- C. The Authority shall submit all Procurement Contracts in excess of fifty thousand dollars (\$50,000) to the New York State Comptroller's Office for approval.
- D. The Executive Director must approve all contractor selections for Procurement Contracts for services based upon the recommendation of either the Non-Engineering Personal Services Committee or the Engineering Selection Committee.
- E. The Authority may utilize the Procurement Contracts of other Federal, State or local entities to purchase goods or services provided it would be in the Authority's best interests to do so.
- F. The Authority shall comply with State Finance Law Sections 139-j and 139-k that place restrictions on attempts to influence during the procurement process, require the recording of attempts to influence made during the restricted period for a procurement, and outline the responsibilities of offerors relative to the procurement process.

- G. The Authority will perform an affirmative review of a contractor's responsibility, in accordance with applicable laws, rules, regulations and guidelines, prior to the award of a Procurement Contract. This review shall be designed to provide reasonable assurance that the proposed contractor is responsible and should consider such issues as: integrity; performance on other governmental contracts; legal ability to supply the product or perform the services; and financial and organizational capability.
- H. The Authority will create a record for each Procurement Contract that documents its compliance with this Policy.

VI. Participation of Minority and/or Women-Owned Business Enterprises (MWBEs)

It is the policy of the Authority to comply with the provisions of Article 15-A of the New York State Executive Law, which requires that every Procurement Contract over \$25,000 will afford equality of economic opportunities for minority group members and women and the facilitation of participation by MWBEs. The Authority shall establish separate goals for participation of MWBEs on all Authority contracts where applicable. Furthermore, if the performance of any Procurement Contracts permits or requires the use of a subcontractor, these contracts shall require the prime contractor to act affirmatively to encourage participation by MWBEs in such subcontract and to report the nature and extent of such efforts to the Authority.

All Procurement Contracts, where required, shall comply with Executive Law Article 15-A and the Public Authorities Law, and rules and regulations promulgated thereunder.

- A. In furtherance of the above, and to promote the use of certified MWBEs in Procurement Contracts, the Authority shall:
1. Designate appropriate staff to oversee the Authority's programs established to promote and assist: (i) participation by certified MWBEs in the Authority's procurement opportunities and facilitation of the award of Procurement Contracts to such enterprises; (ii) the utilization of certified MWBEs as subcontractors and suppliers by entities having Procurement Contracts with the Authority; and (iii) the utilization of partnerships, joint ventures or other similar arrangements between certified MWBEs and other entities having Procurement Contracts with the Authority. Such staff will be familiar with the procurement process utilized by the Authority, report directly to the Executive Director and either directly or through their designees participate in the procurement process.
 2. Establish appropriate goals for participation of MWBEs in Procurement Contracts and for the utilization of MWBEs as subcontractors and suppliers.

3. Provide notice of any procurement to appropriate professional organizations that serve MWBEs so that members of these organizations are apprised of potential opportunities to contract with the Authority.
4. Include language regarding equal employment opportunity and non-discrimination in all Procurement Contracts and/or all documents soliciting bids or proposals for Procurement Contracts, and require the contractor to include this language in all subcontracts.
5. Include a provision in the Authority's Procurement Contracts expressly providing that any contractor who willfully and intentionally fails to comply with the MWBE participation requirements as set forth in the contract shall be liable to the Authority for liquidated or other appropriate damages as may be determined by the Authority.
6. Maintain lists of qualified certified MWBEs that have expressed an interest in doing business with the Authority and ensure such entities receive direct notice of any impending procurements. The Authority shall also consult the lists of certified MWBEs maintained by the Department of Economic Development.
7. List applicable goals for participation of certified MWBEs in Procurement Contracts in all solicitations and for the utilization of MWBEs as subcontractors and suppliers by entities having Procurement Contracts with the Authority.
8. Conduct procurements in a manner that will enable the Authority to achieve the maximum feasible portion of the goals established and eliminate barriers to participation of MWBEs on Procurement Contracts. The Authority shall include, without limitation:
 - a. the expected degree of MWBE participation;
 - b. provisions relating to joint ventures, under which a bidder may count toward meeting its MWBE participation goal;
 - c. provisions under which the Authority may waive obligations of the contractor relating to MWBE participation after a showing of good faith efforts to comply with the requirements of this Policy and all applicable laws pursuant to the waiver provisions contained in Executive Law Article 15-A; and
 - d. verification that MWBEs listed in a successful bid are actually participating to the extent listed on the project for which the bid was submitted.

B. In implementing the provisions of this Section VI, the Authority shall:

1. Consider, where practicable, the severability of construction projects and other bundled projects;
2. Implement a program that will enable it to evaluate each Procurement Contract to determine the appropriateness of the established goal;
3. Consider compliance with the requirements of any federal law concerning opportunities for MWBEs which effectuates the purpose of this section; and
4. Consult the most recent disparity study pursuant to Article 15-A of the Executive Law.

VII. Participation of Service-Disabled Veteran-Owned Business Enterprises (SDVOBEs)

It is the policy of the Authority to comply with the provisions of Article 17-B of the New York State Executive Law, which requires that every Procurement Contract over \$25,000 will afford equality of economic opportunities to certified SDVOBEs thereby further integrating such businesses into New York State's economy. The Authority will make a good faith effort to achieve SDVOBE participation to the extent such firms are available, and will use its best effort so that SDVOBE firms are included in Procurement Contracts. All Procurement Contracts, where required, shall comply with Executive Law Article 17-B. The Executive Director shall appoint one or more senior staff to oversee the Authority's SDVOBE program.

Before the Authority issues bid documents, or during the Authority's bid development phase, the Authority's procurement staff will consult the Directory of SDVOBEs posted on the OGS website to determine whether the solicitation may be considered for a SDVOBE goal.

Authority staff will also review the Directory of SDVOBEs prior to making discretionary purchases and choose SDVOBEs when feasible.

All procurements subject to Executive Law Article 17-B will contain standard language in solicitations and Procurement Contracts regarding participation of SDVOBEs on State contracts.

The Authority shall promote and solicit the participation by New York State Business Enterprises and New York State Residents in Procurement Contracts in compliance with Public Authorities Law Section 2879 and shall develop procedures consistent with such.

The Authority will follow the requirements and procedures of Public Authorities Law Section 2879(5) with respect to Procurement Contracts with Foreign Business Enterprises. Accordingly, the Authority shall notify the Department of Economic Development of the award of a Procurement Contract for the purchase of goods or services from a Foreign Business Enterprise in an amount greater than or equal to one million dollars simultaneously with notifying the successful bidder. The Authority will not enter into any such Procurement Contract until at least 15 days have elapsed from notice to the Department of Economic Development, except where the Procurement Contract was awarded on an emergency or critical basis or where the Commissioner of Economic Development waives the notice requirement.

In addition, pursuant to Public Authorities Law Section 2879(5), the Authority will impose restrictions on Foreign Business Enterprises located in Discriminatory Jurisdictions with respect to the solicitation and award of Procurement Contracts.

All employees who discover or have knowledge of potential Wrongdoing concerning employees of the Authority; a person having business dealings with the Authority; or the Authority itself, shall report such activity in accordance with the following procedures.

All employees are responsible for cooperating in the investigation of potential Wrongdoing by providing any information they possess concerning the matters being investigated and being candid about such matters.
- C. The identity of the Whistleblower and the substance of his or her allegations will be kept confidential to the best extent possible.
